## Our Inheritance

A missionary friend of ours mused about Deuteronomy 18:1-8 in a recent newsletter. "I was struck by how the Lord set aside some of his people to forego an inheritance of land, and thus income and sustenance, and to receive what they needed from the abundance God would give the rest of His people."

She pointed out that although there are differences between the Levitical priesthood and modern church/mission workers, "...the idea that God would bless most of His people and through them sustain a few He sets aside for a particular job serving Him... was His design for His people."

I can't improve on her words: "It's no wonder I feel sacred awe and deep humility when I look at our December donor statement and see pledges

fulfilled month after month, pledges surpassed on special occasions, and spontaneous gifts flowing out of God's blessing on so many of you."

Thank you so much for your part in being that security and sustenance for us, whether that is finances, prayers, or encouraging words.
