Christmas
2022

Merry Christmas!

This time of year is a great reminder about the basic reasons for why we do what we do, and hopefully that's true for you as well. God sending His Son into the world is not just a good excuse to be celebratory and exchange gifts. It was the culmination of thousands of years of a divine reaching out to the broken people in a broken world, and the start of a new era of God using His people to carry on that work.

Thank you for being a part of this ongoing gift of God to the world! May you be richly blessed this Christmas season.

For unto us a
child is born,
unto us a son is
given.

Isaiah 9:6a
KJV

We moved very quickly from the marshmallows and hot chocolate of the last camp-out of the Fall season on our way home from Florida to the Christmas lights in Union Station during a Kansas City visit.

Prayer Corner

Praises:

- Quality medical and mental health care
- Some major breakthroughs in healing and personal growth
- YOU! Your prayers and kindness matter and make a difference
- Being present for family and local holiday gatherings and traditions that we usually have to miss

Requests:

- School teachers for the mission school in Papua New Guinea!
- Planned surgery (January 12) and other ongoing treatments for Christy
- Pray for the Solos teams working in the absence of their advisor

In Ukarumpa our boys attend an international school, and we recently received a letter from them asking for help and prayers for the Primary Campus where Jacob should be attending.

“In June, the Primary Campus will be losing all of its lead grade-level teachers (Kindergarten through Grade 5). We do not have any grade-level classroom teachers in the pipeline to return or arrive for July 2023. This means that for the 2023-2024 school year, we currently do not have any lead classroom teachers for Grades K-5.

Please pray that God will mobilize teachers and that God will give wisdom to the entire UIS admin team – that we will be creative and wise as we think outside of the box, and that we will make decisions that ultimately glorify Him, even if they do not look like the fully staffed school we have come to expect.”

Fall is the best time to pick up summer/tropical necessities at the very best prices. (Right)

We have used this fall and Christmas season to get a number of medical things done in preparation for a return to Papua New Guinea. One of those checkups was for all three boys to get full eye examinations, which are not readily available over there. Jacob here models the snazzy roll-up sunglasses the boys love getting after their eye dilation. (Below)

The first weekend in December we went to the Kansas City area and were able to let the boys experience the Plaza lights, Crown Center, Union Station, and Christmas lights around the city. One of the highlights for the boys was their very first experience ice skating. (Right) They did pretty well for their first time, although there were a few falls and even a broken pair of glasses!

Financial and most other matters should be handled through:
