USA Time!

On Monday morning we are to fly to Port Moresby, then eventually to the USA, arriving “home” to Oklahoma on Wednesday 17 June. It is thrilling to consider that we will be able to spend time with family, friends, and partners across the USA over the coming months. At the same time, there is sadness in leaving behind the main parts of our lives, relationships, and work here in PNG.

The life of missions has been from the beginning one of transition and travel, as Paul mentioned often in his epistles. But this is part of the life we have been called to. Just as much as God has called us to serve the people of PNG with no Bible in their language, He has also called us to serve the churches and believers in the USA by connecting you with these people that need Bible translation.

Our schedule is starting to come together for our first little while in the USA, but there is still space on some weekends for church visits, and many openings for personal visits. We’re hoping to be in the USA for just six months. We do really love to connect one-on-one, so when we’re going to be in your area, let us know your availability and we can connect over coffee, for a meal, or even

just for an hour or two to visit. We’re willing to drive several hours to see YOU! Contact info is on the Back Page.

**Now I will come unto you... And it may be that I will abide, yea, and winter with you, that ye may bring me on my journey... but I trust to tarry a while with you, if the Lord permit.
I Cor 16:5-7 (KJV)**

Prayer Corner

Praises:

- Recent contact with each of the Solos teams, and progress made on drafting
- Travel details and ‘home’ logistics are coming together well
- Amazing learning opportunities in the past months
- Great people to take up roles we’re leaving behind

Requests:

- For our family to continue to thrive during our transition to the USA
- For the Solos translators as they continue working in their local contexts
- For details of medical and other appointments that still need to be made over the coming months

A coffee plant that is growing in our back yard. The casual beauty of PNG is amazing.
