## Walking by Faith

**N**ew things are both thrilling and nerve-wracking. We like our routines—they are comfortable. But most of the time we have to break out of them in order to make specific progress. Having just arrived back in the USA, we are experiencing a lot of new things.

Transition is nothing new for us, but this time it's a little bit different. We're not on a regular furlough, where our job would be to connect with people and churches. Instead we are on a medical leave (Christy) and remote assignment (Larry). So our jobs are to get healthy and to carry on with Solos language work.

At the moment we are in Oklahoma, but we're planning to focus our time in Orlando, where Christy is seeking specific help for some of the mental health issues she has been dealing with for quite some time.

As nearly as possible, we're also seeking for the boys to have a regular start to their school year via online learning/homeschool.

**"By faith  
Abraham...  
obeyed." "So  
Abram departed,  
as the Lord had  
spoken unto  
him."**

**Hebrews 11:8  
Genesis 12:4  
KJV**

### Prayer Corner

#### Praises:

- Good trip back to the USA
- A fun few days in Hawaii
- Prospects for good medical and mental health care
- Lots of people who love us and care!

#### Requests:

- Our transition into this time of working/healing in the USA
- Pray for the Solos teams while their training is delayed
- There are still many details to be worked out for health care, living arrangements, school, etc.
- We need wisdom to balance the wide variety of things that need to be done

So far the journey has been good. All our flights connected, and no luggage was lost. We were able to spend a few days hiking and camping in Hawaii on the way back, and got to experience both lava and nice beaches.

We got in one last PNG *mumu* (food cooked with hot rocks) that we enjoyed shortly before we left.

We will not have a stable mailing address while here in the USA, so if you need to mail us something, send a text or email and we'll let you know where we'll be a few weeks out.

While the *purpose* of this trip isn't to connect with people, when we get a chance to, we'd love to see you!

Amaziah got a chance to sit up front in the mission airplane for the first leg of our trip, from Ukarumpa to Port Moresby.

Due to a two-night layover in Port Moresby, we got a chance to visit the Nature Park and see PNG wildlife up close: Tree Kangaroo, Kookaburra, Bird of Paradise, and Crocodile, among others.

Financial and most other matters should be handled through:
